NOTICE OF PRIVACY PRACTICES
The Office of Dr. Jay Dennett

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED OR DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

About This Notice

We are required by law to maintain the privacy of Protected Health Information and to give you this Notice explaining our privacy practices with regard to that information. You have certain rights – and we have certain legal obligations – regarding the privacy of your Protected Health Information, and this Notice also explains your rights and our obligations. We are required to abide by the terms of the current version of this Notice. You can always request a written copy of our most current privacy notice from the Practice's Privacy Officer.

What is Protected Health Information?

"Protected Health Information" is information that individually identifies you and that we create or get from you or from another health care provider, health plan, your employer, or a health care clearinghouse and that relates to (1) your past, present, or future physical or mental health or conditions, (2) the provision of health care to you, or (3) the past, present, or future payment for your health care.

How We May Use and Disclose Your Protected Health Information

We may use and disclose your Protected Health Information in the following circumstances:

- **For Treatment.** We may use or disclose your Protected Health Information to give you medical treatment or services and to manage and coordinate your medical care. For example, your Protected Health Information may be provided to a physician or other health care provider (e.g., a specialist or laboratory) to whom you have been referred to ensure that the physician or other health care provider has the necessary information to diagnose or treat you or provide you with a service.
- **For Payment.** We may use and disclose your Protected Health Information so that we can bill for the treatment and services you receive from us and can collect payment from you, a health plan, or a third party. This use and disclosure may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you, such as making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. For example, we may need to give your health plan information about your treatment in order for your health plan to agree to pay for that treatment.
- **For Health Care Operations.** We may use and disclose Protected Health Information for our health care operations. For example, we may use your Protected Health Information to internally review the quality of the treatment and services you receive and to evaluate the performance of our team members in caring for you. We also may disclose information to physicians, nurses, medical technicians, medical students, and other authorized personnel for educational and learning purposes.
- **Appointment Reminders/Treatment Alternatives/Health-Related Benefits and Services.** We may use and disclose Protected Health Information to contact you to remind you that you have an appointment for medical care, or to contact you to tell you about possible treatment options or alternatives or health related benefits and services that may be of interest to you.
- **Minors.** We may disclose the Protected Health Information of minor children to their parents or guardians unless such disclosure is otherwise prohibited by law.
